

Monolith Executive Series

Product Description

Executive Desk:

- The side cabinet combined system includes a powerful knowledge of the cabinet storage function. The hidden line management system, the Eubiq function moveable mold and the intelligent electric control center system makes your office work easier and more convenient.
- The back cabinet not only can satisfy the normal office requirements, but also can provide the multifunction choice for user.
- The low cabinet combination is born as the purpose applicable for the office working diversification with life and emotion, beyond the office function, also fit for public use.
- The Meeting system provides a very convenient and efficiency space to meet and coordination working styles.
Extraordinary design excites your deeper creativity thoughts.
