NEC | New Ergonomic Chair

BORN TO EMBRACE

Hans Thyge Raunkjaer, a Danish specialist in Northern European modern furniture design, founded his design studio in 1990. His team all share a love of beautiful forms and bold ideas, telling a story of creativity, tradition, vision, culture and values. Their designs stand the test of time – well acknowledged and receiving various international awards.

SIT **NEC** (New Ergonomic Chair) was designed by Hans Thyge Raunkjaer and speaks of simple Nordic innovative design.

It features a continuous moulded armrest and backrest with upholstered back to deliver a feeling of safety and comfort when sitting high on the chair.

Backrest and seat fabric is 100% renewable polyester, fully meeting the relevant high standards of the European Union.

Sit, stand or lean and rest – easy to switch between

60mm Backrest height adjustment

Create the correct S-curve lumbar support for your spine with a simple turn of a knob on the back.

4° Forward leaning angle

The seat has an innovative mechanism guaranteeing you have the right sitting angle when sitting high. Activated with a handle in a split second.

8° Back tilt

Seat and backrest can gently tilt backwards 8° to provide a more dynamic and varied seating profile. Tilt is lockable.

60mm Seat sliding

Slide the seat forward or back to maximise comfort.

NEC Task Chair (without Footring)

- A** Seat Height 445-535mm
- B** Height of backrest 290-350mm
- C** Seat Depth 490-550mm
